Event to garden

09/03/2026 04:37 AM - admin admin

Status:	Resolved	Start date:	09/03/2026
Priority:	Normal	Due date:	
Assignee:	stephen koepplinger	% Done:	80%
Category:		Estimated time:	4.00 hours
Target version:		Spent time:	0.00 hour
Description If you want you add an eventbto a garden, we need yo add a calendar button as per slide 1 This will create an event with today's date and pop up a roster slide 2 In the comment section of the roster The user can add a comment, tick water, weed or bed If the click bed slide 3 appears Here the user can tick if they planted, pruned, propogated the plants within the garden and can associate a participant with those plants. So I could as participant A to pune plant 5 in bed 2
